Couples Information

- Any two applicants can couple. \$15 per partner couples fee.
- 30 programs can be ranked by each partner before extra rank fees apply.
- Each partner enters their own list. Lists MUST have same number of ranks.
- Applicants participating as couple can rank same program more than once.
- Up to applicants what constitutes an acceptable pair of programs. NRMP does not check this.
- Use special code (999999999) to indicate when one partner is willing to go unmatched if other partner matches. Code should be used at bottom of lists when other acceptable program pairs exhausted.
- Couples matching done on PRIMARY list only – supplemental rank order lists are NOT linked.

Strategies

- Refer to Charting Outcomes in the Match
- Assess competitiveness
 - Specialty
 - Program
 - Yourself
- Assess the program
- Make your ROL long enough
- Go for the “reach” program
- Include a “safety” program

How the Match Algorithm Works

- Applicant proposing
- Starts with an attempt to place an applicant in the program ranked #1 by the applicant
- A tentative Match occurs:
 - > if the program also ranked the applicant and the program has unfilled positions
 - > if the program is filled but the applicant is ranked higher than another applicant tentatively matched to that program

How the Match Algorithm Works

- **No Match:**
 - > if the program did not rank the applicant
 - > if the program ranked the applicant but is filled with other more preferred applicants
- **Couples:**
 - > the algorithm places a couple in their highest ranked pair of programs on the PRIMARY list where BOTH matched
- **Final Matches:**
 - > when the algorithm completes its cycles, all tentative matches become final

Applicants, the NRMP and Participating Programs

These are the terms and conditions of the Match Participation Agreement that a party desiring to participate in the Main Match enters into by indicating such acceptance, however, until the National Resident Matching Program's acceptance of the binding agreement between such party and the NRMP, as well as the party's registration. Upon the NRMP's acceptance of the binding agreement between such party and the NRMP, as well as the party's registration, the party executes this Match Participation Agreement and whose registration is accepted by the NRMP.

18.0 General

If any provision of this Agreement is found in any arbitration proceeding or by any court of competent jurisdiction to be invalid, illegal, or unenforceable, that provision shall be modified to the minimum extent necessary to achieve the purpose originally intended, if possible, and the validity, legality, and enforceability of the remaining provisions will not be affected or impaired and are to be enforced to the maximum extent permitted by applicable law. If any remedy set forth in this Agreement is determined to have failed of its essential purpose, then all other provisions of this Agreement will remain in full force and effect.

Failure of any party to act or exercise its rights under this Agreement upon the breach of any other terms hereof by any other party, is not to be construed as a waiver of such a breach or prevent such party from later enforcing compliance with any or all of the terms hereof. This Agreement contains the entire agreement between the parties with respect to the Matching Program and its results. Any representations, promises, or conditions not incorporated in this Agreement will not be binding upon any of the parties. No modification of this Agreement shall be effective unless in writing and executed by the party against whom it is to be enforced.

The Match Commitment

SECTION 5.1:

“The listing of an applicant by a program on its certified rank order list or of a program by an applicant on the applicant's certified rank order list establishes a binding commitment to offer or to accept an appointment if a match results and to begin training on the date specified in the appointment contract.

Failure to honor this commitment by either party participating in a match will be a breach of this Agreement and may result in penalties to the breaching program or applicant.....”

Match Waivers

In limited circumstances, the NRMP may grant a waiver of the match commitment.

Applicants:

- Hardship
- Change of specialty: must be requested by January 15
- Completion of residency postponed

Waivers must be requested from, and can be granted only by, the NRMP.

Match Waivers - Consequences

If a waiver is approved:

- The applicant may obtain another position or participate in future match and the program may begin to recruit for the position.

If a waiver is not approved:

- Both the applicant and program are expected to honor the match commitment.
- Failure of either party to honor the match commitment is grounds for a violation investigation and the levying of sanctions.

Communication between Applicants and Programs

6.0 Restrictions on Persuasion

“One of the purposes of the Matching Program is to allow both applicants and programs to make selection decisions on a uniform schedule and without coercion or undue or unwarranted pressure. Both applicants and programs may express their interest in each other; however, they shall not solicit verbal or written statements implying a commitment. Applicants shall at all times be free to keep confidential the names or identities of programs to which they have or may apply.”

Communication between Applicants and Programs

Section 6.0:

It is a breach of the Match Participation Agreement for:

- (a) a program to request applicants to reveal ranking preferences;
or***
- (b) an applicant or program to suggest or inform the other that placement on a rank order list is contingent upon submission of a verbal or written statement indicating ranking preferences;
or***
- (c) a program to require applicants to reveal the names or identities of programs to which they have or may apply; or***
- (d) a program and an applicant in the Matching Program to make any verbal or written contract for appointment to a concurrent year residency or fellowship position prior to the release of the List of Unfilled Programs.***

Examples of Prohibited Communication

In the 2009 Main Residency Match, Dr. Holly Golightly interviewed with the Radiation-Oncology Program at American Hospital Center. She was encouraged at the end of her interview to send the program director a note indicating her level of interest in the program so that the director would know how or whether to rank her.

In the 2009 Main Residency Match, Dr. Harry Potter interviewed with the General Surgery program at Hogwarts Medical Center. Dr. Potter was unsure how to respond when the program director asked where else he planned to interview and if he planned to rank the Hogwarts program as his first choice.

MY REPORTS

Laurie Curtin PhD
System Administrator

AAMC ID: 12251807

Programs shall not discuss with an applicant or offer any potential position unless the program has first determined that the applicant is eligible for appointment. NRMP institutional officials and program directors shall determine the applicant's eligibility by verifying the applicant's PGY-1, PG-2, or fellowship match status in the Applicant Match History. The Applicant Match History also will indicate whether an applicant has a waiver or violation history. Applicant information is reflected permanently in the Applicant Match History. Term limits of any sanction(s) are included to identify the length of time the sanction is in effect.

Note: The NRMP Match Participation Agreement prohibits a program from discussing or offering a position to an applicant who matched to a concurrent year position in another program. In addition, if an applicant requests a waiver of the match commitment and the NRMP denies the request, the applicant is expected to accept the matched position. If the NRMP denies an applicant's waiver request and the applicant does not accept the matched position, the applicant may be barred from accepting a position in another NRMP match-participating program if that program has a start date within one year from the date of the NRMP's decision. The applicant also may be barred from accepting a position in any NRMP match-participating program for a period of one year if he/she is found to have violated the Match Participation Agreement. Any program that discusses or offers a position to that applicant to commence training during the one-year period will be in violation of the Match Participation Agreement.

NRMP Rule for U.S. Seniors

Programs at match-participating institutions, regardless of match participation status, can offer positions to US allopathic seniors only through the NRMP or another national matching plan.

Final Considerations

- **Do not wait until the last minute to enter your rank order list. The servers may be overloaded and very slow.**
- **Do not make last minute changes to your rank order list. Most such changes are not well thought out and applicants frequently regret the changes.**
- **No changes can be made to ROLs after 9:00 PM EASTERN time February 24, and only certified lists will be used in the Match.**
- **The NRMP will NOT enter a list, add, delete or move programs or in any way modify a rank order list.**

Summary

- Prepare a rank order list worksheet with program codes in order of preference before entering them on the “My Rank Order List” screen.
- Be sure to certify your rank order list.
- Complete your list at least a week before the February 24 deadline.
- Relax!
