

Gynecologic Anesthesiology CA-1 Resident Evaluation

Evaluator: Subject:

Status:

Rotation:

Does not meet expectations = Often fails to meet expectations, or performance has been seriously deficient

Meets expectations = Usually meets expectations, demonstrates improving performance

Exceeds expectations = Consistently meets and often exceeds performance expectations

ACGME stipulates that "**Residency programs must require its residents to develop competencies in six areas to the level expected of a new practitioner.**" To that end, this performance evaluation is based on the six core competencies (Competency definitions are listed in the curriculum section of NI. Residents will be notified to read the competencies at the beginning of each subspecialty rotation).

PRIVILEGED AND CONFIDENTIAL UNDER THE ILLINOIS MEDICAL ACT

PATIENT CARE

Directed preanesthetic evaluation and formulation of an anesthetic care plan (*gathers essential and accurate information about his/her patients, interprets laboratory tests, especially as they relate to operative and anesthesia risk, assesses the need for medical specialty consultation, and formulates an anesthetic plan based on the patient's assessment and specific procedure being performed*):

Does Not Meet Expectations	Meets Expectations	Exceeds Expectations	Not Observed
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Anesthetic management (*manages patients under the attending anesthesiologist's supervision including induction, maintenance, and emergence from anesthesia, orders appropriate postoperative analgesia, exhibits efficiency in airway management skills and intravenous line placement, manages patients with invasive and new non-invasive hemodynamic monitoring techniques in addition to the traditional non-invasive techniques, and communicates clearly and concisely with recovery room nurses to provide a safe and accurate transition of care of postoperative patients*):

Does Not Meet Expectations	Meets Expectations	Exceeds Expectations	Not Observed
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

KNOWLEDGE

Basic anesthesiology knowledge as it applies to gynecological procedures (*possesses a fund of knowledge expected for the level of training at the time of this evaluation*):

Does Not Meet Expectations	Meets Expectations	Exceeds Expectations	Not Observed
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Ability to integrate fund of knowledge with the most common gynecologic procedures (*possesses a fund of knowledge relating to the unique physiologic changes and complications regarding laparoscopy, hysteroscopy, surgery in the pregnant patient, and gynecologic oncology surgery*):

Does Not Meet Expectations	Meets Expectations	Exceeds Expectations	N/A
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

PRACTICE-BASED LEARNING & IMPROVEMENT

Postoperative visit and follow-up (*performs postoperative visit and appropriate follow-up*):

Does Not Meet Expectations	Meets Expectations	Exceeds Expectations	Not Observed
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Journal article analysis (*able to read and analyze gynecologic anesthesiology clinical studies and understand implication for clinical care*):

Does Not Meet Expectations	Meets Expectations	Exceeds Expectations	Not Observed
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Facilitates learning of colleagues, students and other professionals (*effectively teaches others by informal and formal presentations*):

Does Not Meet Expectations	Meets Expectations	Exceeds Expectations	Not Observed
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

INTERPERSONAL & COMMUNICATION SKILLS

Explanations to patients (*obtains informed consent and answers all questions in an appropriate manner, explains the various options for post-operative analgesia to patients undergoing surgical procedures including the risk/benefit of each option, explains the expected pre- and post-operative course to the*

patient in a reassuring, empathetic, and supportive manner):

Does Not Meet Expectations	Meets Expectations	Exceeds Expectations	Not Observed
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Ability to work/communicate with nursing, gynecologic, and anesthesiology staff and colleagues (works effectively with the nursing, gynecologic, and anesthesiology staff and colleagues, showing respect and teamwork):

Does Not Meet Expectations	Meets Expectations	Exceeds Expectations	Not Observed
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Quality of record keeping (clearly completes a preanesthesia evaluation note including a plan and highlights of what was discussed, and keeps complete and accurate records):

Does Not Meet Expectations	Meets Expectations	Exceeds Expectations	Not Observed
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

PROFESSIONALISM

Reliability, neatness, conscientiousness, flexibility (consistently punctual, available, follows through, and completes assigned responsibilities):

Does Not Meet Expectations	Meets Expectations	Exceeds Expectations	Not Observed
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Ethical behavior (adherence to ethical principles):

Does Not Meet Expectations	Meets Expectations	Exceeds Expectations	Not Observed
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Possession of the personal attributes, behaviors, and skills for the successful practice of anesthesia and clinical care (practices honesty, integrity, rational planning, and effective communication and performs well under all kinds of stress):

Does Not Meet Expectations	Meets Expectations	Exceeds Expectations	Not Observed
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

SYSTEMS-BASED PRACTICE

Efficiency in practice (exhibits awareness of the importance of operating room efficiency and provides rapid, safe turnover of cases):

Does Not Meet Expectations	Meets Expectations	Exceeds Expectations	Not Observed
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Consideration of interdependence of patient care teams (considers interdependence of patient care teams to provide better patient care):

Does Not Meet Expectations	Meets Expectations	Exceeds Expectations	Not Observed
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

WRITTEN COMMENTS (required)

Please explain any "Does Not Meet Expectation" rating.

Comment

Remaining Characters: 5000

Please provide at least one area that the resident would benefit by improving.

Comment

Remaining Characters: 5000

Please document at least one area in which the resident excels or is best at.
