Director

Dear AAICRU Participant:

Thank you for your interest in the research studies offered at the Allergy, Asthma and Immunology Clinical Research Unit. We are located in Galter Pavilion on the 18<sup>th</sup> floor next to the General Medicine Clinic at 675 North Saint Clair Street. Our Clinical Research Unit is located in the Allergy Clinic room 18-289 directly to the right of the Reference Desk. Please take the elevators that go to floors 13-21 to get to the 18<sup>th</sup> floor. (Please see map)

If you choose to drive, you will be given a parking validation ticket when you arrive at the CRU. When you enter either Lot C or Lot D, please take a ticket to enter the garage. When you leave, you will need both your garage ticket and your green (or white) NU parking validation ticket. You will utilize the new automated parking validation system located at ground level of each garage entrance.

Lastly, before you come in for your appointment, please thoroughly read over the information provided. The informed consent has been given to you to read over, however, during your visit we will review it with you and then have you sign it.

Finally, if you have made an appointment with us and for any reason you are unable to keep your appointment, kindly call our office at least 24 hours in advance at 312-695-6518. If you are running late for your visit, you may call us directly in the clinic at 312-695-6738. Also, if you have any questions, please do not hesitate to call us using the contact information provided.

Hope to hear from you soon, and thanks again for your interest in the AAICRU!

Best Regards,

Pedro Avila, MD  
Associate Professor of Medicine  
Principal Investigator
