

Phacoemulsification

Training Course for Residents

August 4 & 5, 2017

Date: August 4th & 5th, 2017

Location: Prentice Women's Hospital
250 E. Superior, 3rd Floor Conference Center
Chicago, Illinois 60611

Course Director: Surendra Basti, MD
Professor of Ophthalmology

Associate Course Director: Carol H. Schmidt, MD
Assistant Professor of Ophthalmology

Course will feature didactic as well as wet-lab training. Topics will include both beginner and advanced phacoemulsification techniques so as to be useful for residents from all three years of training. Course faculty will include surgeons from all Chicago area residency programs.
