• Excellent interpersonal skills

Benefits
• Extremely Competitive salary
• Comprehensive benefit package including full health, dental, vision, life, and disability
• Generous Paid Time Off (PTO)
• Relocation Assistance

About Indiana University Health
Indiana University Health La Porte Hospital is committed to helping patients and their loved ones access the services they need to stay healthy. Our full-service, 227-bed acute care hospital provides Northwest Indiana with an environment of exceptional care and an unsurpassed patient experience. With the official name change of Clarian Health to Indiana University Health in January 2011, the then-name of La Porte Regional Health System (LRHS), and all of the statewide affiliates, was changed to Indiana University Health La Porte Hospital in order to further align with the vision to create one standard of care through the state. The name change, however, did not change the statewide or local organizational structure. IU Health La Porte Hospital continues to be governed through its local board members, just as they have when LRHS became a Clarian Health Partner in 1998.

Further, IU Health La Porte Hospital remains a separate nonprofit local healthcare system with a board of managers and executive management team dedicated solely to serving its community. The IU Health La Porte Hospital Board of Directors will continue serving the community, and G. Thor Thordarson continues to serve as Chief Executive Officer. The IU Health La Porte entities are comprised of IU Health La Porte Hospital, IU Health Starke Hospital, IU Health Lakeshore Surgicare and IU Health La Porte Physicians. IU Health La Porte Hospital was the first in Northwest Indiana to perform a da Vinci® Si™ Surgical System-assisted assisted cardiovascular surgery.

Community
It’s not often that you discover a place that offers a completely different adventure every day. The most difficult part is deciding what to do first. You’ll be fascinated with the unique mix of attractions: beautiful natural landscapes, some of the region’s most exciting gaming, outlet malls that shopaholics drive for miles to visit, and agriheritage attractions that bring you down to earth. It’s all here. Art. Culture. Sports. Gaming. Birding. Beaches. Shopping. History. Farming. It would almost be dizzying, if it weren’t for the steadying Midwestern spirit. If you have any questions or would like any additional information please do not hesitate to contact me.

Regards,
Jessica Reed
