Job Title:
Physical Therapist – DPT - Outpatient/Pediatric (New Grads Welcome)

The Newport Group is working with a hospital in northern Indiana who is looking for a new grad or experienced peds PT to work in an outpatient pediatric clinic. This is a wonderful opportunity to become part of an innovative, nationally ranked health system and to work with a therapy team comprised of top caliber individuals who are truly dedicated to their profession.

The facility is located in a beautiful city with a multitude of outdoor recreation and a rich cultural history. Additionally, the city is within driving distance of Chicago, allowing residents to enjoy the comforts of a small town community without giving up the excitement of the city life.

The Physical Therapist within the Wellness and Rehab Department assumes direct responsibility and accountability for the total care of a designated group of patients / clients. The Physical Therapist provides physical therapy examinations and treatments in accordance with established evidenced-based and best-practice guidelines, and in accordance with system and departmental policies and guidelines. The Physical Therapist is considered a professional and takes responsibility for personal and professional growth; assumes responsibilities to promote and advance the profession within the professional and general community. The Physical Therapist functions under the general supervision of the Wellness and Rehabilitation Department Management Team. The Physical Therapist assumes responsibility to meet or exceed all established hospital and department performance indicators and assures that her / his actions are in a manner consistent with the vision, mission and values of the Wellness and Rehab Department.

EDUCATION, TRAINING, AND EXPERIENCE

- Current Physical Therapy license through the State of Indiana required.
- **Must have a Doctorate Degree in Physical Therapy.**
- Advanced certifications are preferred.
- Must maintain APTA professional membership.
