Description:

**Women’s Health Physical Therapist** Position Opening in physical therapist-owned multi-specialty outpatient private practice located in the Hinsdale/Burr Ridge area. Our clinic is not driven by unreasonable billing/productivity numbers like many of the larger rehab companies owned by private equity firms. Our primary driver is exceptional and individualized patient care in addition to wellness and preventative medicine.

*Seeking an energetic, experienced Women’s Health Physical Therapist to treat patients, either exclusively women’s health patients or a mix of general outpatient orthopedic patients (variety of orthopedic, neurological, and post-surgical diagnoses) in addition to a caseload of women’s health patients.*

*Enjoy a friendly, professional work environment while being part of collaborative team atmosphere. We are a growing company with an excellent reputation in the community in providing individualized, evidence-based patient care. While each therapist has his/her own patient caseload, our experienced knowledgeable team of therapists enjoys collaborating with and learning from one another for the betterment of all. We pride ourselves in hiring passionate, creative, and driven therapists who seek to enrich the lives our patients in a meaningful way, with an emphasis on functional treatment planning while having fun. Clinic conveniently located within few minutes of I-55, I-294, and I-88.*

*Professional growth and opportunities for advancement as company grows*

*Fun, friendly, and sharing team atmosphere to foster continual growth*

*Company that values work-life balance*

*Ability to provide quality one-on-one skilled therapy that makes an impact*

*Competitive pay & benefits*

*Physical therapy-specific EMR system*

*New state of the art Women’s Health equipment including biofeedback*

*Therapist-friendly computer-based HEP program including comprehensive library of customizable exercises with color photos and videos that can be emailed to progressive pts or printed for those pts who are not tech savvy*

Requirements:

*>= Two years work experience as Licensed Physical Therapist (Licensed in State of IL) and current CPR Certification*

*Certification(s) in Women’s Health**

*Master’s Degree or Doctorate in Physical Therapy from an accredited university/physical therapy program*
