July 29th - 31st, 2018

Feinberg's student-run pre-orientation program about Chicago, public health, and community partnership.

A LENS INTO ADVOCACY

"This opportunity helped solidify my desire to incorporate public health & advocacy into my future career - it was really interesting to learn first hand about both the community and policy work of many public health organizations in Chicago!"

Sim Chadha, DC 2017

A DIFFERENT SIDE OF CHICAGO

"Destination Chicago gave me an intimate exposure to Chicago's social landscape. We visited local organizations providing much needed services to Chicagoans, and this exposure gave me a better framework to understand the challenges my future patients would face. I learned about community needs and how medical students can be involved in healthcare innovation."

Ian Hollyer, DC 2016

A COMMUNITY OF ENGAGED PEERS

"Destination Chicago was a great segue into Feinberg - I really appreciated the opportunity to get to know some of my classmates with similar interests before school even began. A lot of us are still very close in part because of the program!"

Natalie Colaneri, DC 2016
