Pediatrics Clerkship	Patient Type/		Level of Student Responsibility
Clerklog	Clinical Condition		(OB=Observation
	(RP=Real Patient)	Procedures/Skills	AP=Active Participant)
	RP/ Behavior Topics		OB or AP
	(sleep problems, colic,		
	temper tantrums, toilet		
	training, feeding		
	problems, ADHD,		
	autistic spectrum		
	disorder, eating disorders,		
	and others)		
	RP/ Central Nervous		AP
	System (headache,		
	concussion, seizures,		
	meningitis, toxin		
	ingestions/exposures, and		
	others)		
	RP/ Chronic Medical		AP
	Problem (seasonal		
	allergies, asthma, cerebral		
	palsy, diabetes mellitus,		
	epilepsy, and others)		
	RP/ Dermatologic System		AP
	(viral rash/exanthem,		
	scarlet fever, drug rash,		
	atopic dermatitis, and		
	others)		
	RP / Development Topics		AP or OB
	(delayed or possibly		
	delayed language, gross		
	motor, fine motor, or		
	social adaptive skills)		
	RP / Emergent Clinical		AP
	Problem (shock, DKA,		
	SIDS/ALTE, respiratory		
	distress (status		
	asthmaticus, child abuse,		
	and others)		

RP/Gastrointestinal Tract (gastroesophageal reflux disease, viral and bacterial gastroenteritis, pyloric stenosis, HSP, jaundice, intussusception,	AP
and others) RP/Growth Topics (FTT, poor weight gain, obesity, short stature, constitutional delay, small for gestational age, large for gestational age, and others)	AP
RP/ Health Maintenance: WCC - Newborn (0-1 month)	AP or OB
RP/ Health Maintenance: WCC - Infant (1-12 months)	AP or OB
RP/ Health Maintenance: WCC - Toddler (12-60 months)	AP or OB
RP/ Health Maintenance: WCC - School aged (5-12 years)	AP or OB
RP/ Health Maintenance: WCC - Adolescent (13- 19 years)	AP or OB
RP/ Hematology/Oncology (iron deficiency anemia, sickle cell disease, HUS, neuroblastoma, ALL, and others)	AP or OB

RP/	AP or OB
Infectious/Autoimmune	
Diseases (fever in a	
neonate; urinary tract	
infection, systemic viral	
infections, FUO, SLE,	
JIA and others)	
RP/ Lower Respiratory	AP or OB
Tract (bronchiolitis,	
pneumonia, asthma,	
cystic fibrosis and others)	
RP/ Nutrition Topics	AP or OB
(FTT, breast and formula	
feeding, criteria for	
switching formula, cow's	
milk allergy/intolerance	
and others)	
RP/ Upper Respiratory	AP or OB
Tract (viral URI, otitis	
media, pharyngitis, neck	
abscesses, croup,	
sinusitis, and others)
