Upcoming Session Opportunity:

A team from Northwestern University and Alliance Chicago are working to explore youth hypertension (HTN) diagnosis. They are interested in learning how parents/caregivers to young people at risk of youth HTN perceive it, and their experiences navigating this diagnosis.

We are inviting stakeholders with a range of expertise to join this discussion:

- Parents/caregivers to young people ages 10-17 who are at risk, or who have been recently diagnosed with high blood pressure
- Individuals working closely with young people ages 10-17 who are at risk, or who have been recently diagnosed with high blood pressure. For example:
 - medical assistants

ARCC Moderating Public Health Panel

What does access to public health look like, for all, in the Windy City? This past year, [ARCC](#) & [Public Narrative](#) joined several other Chicago-based community organizations and media professionals to understand how public health policies in the city affect marginalized groups as part of the [PCORI](#)-funded [Chicago Community Media & Research Partnership](#). Join us, Thursday, September 24, for this conversation as part of the Celebration of Change on moving towards health equity through community engagement. Jen Brown, [ARCC](#) Director will moderate and panelists include CCH Co-Director [Darius Tandon](#), ARCC [Steering Committee](#) Member Taneka Jennings ([HANA Center](#)), and ARCC partner Phyllis Rodgers ([Peer Plus Wellness](#)).
