Project: National Precision Medicine study (*All of Us*) aiming to improving health prevention, care, and treatment approaches targeting all populations across the United States

**Academic Team:** Dr. Greenland, Dr. Joyce Ho, and Rabih Dahdouh, MS

**Department:** Preventive Medicine

**Outcome:** Stakeholder recommendations informed study recruitment activities in the western suburbs of Chicago. One panelist was invited to serve on the studies statewide community advisory board.

**Stakeholder Panel:**

- Patients of Delnor and Central DuPage Hospital
- Local residents that live and/or work in DuPage County
- Health communications expert
- Staff/clinician Delnor Hospital representative
