

Health Services and Outcomes Research Graduate Program 2019-2020 Academic Year Course Schedule

The Health Services and Outcomes Research (HSOR) program’s hybrid model adapts the university’s traditional course format to accommodate working clinicians and students living outside Chicago.

Residencies take place on the Chicago campus over three or four days each quarter. These days are comprised of intensive instruction and program events. Many courses hold **synchronous meetings** between the quarterly residencies, most of which are on-campus class meetings that support remote attendance via Blue Jeans. Attendance is mandatory for residency class sessions. If a student encounters an immovable schedule conflict with residency, he or she should inform the program director, Megan McHugh (m-mchugh@northwestern.edu), and the relevant course instructor as early as possible.

The physical location for nearly all classes is the **18th Floor Theater Classroom, 633 N Saint Clair Street, Chicago, IL 60611**; any different locations are noted. All times listed are central time.
