

Hospital Medicine, which focuses on health services research, is looking for a Clinical Research Associate (CRA) to lead the Division's research team. The lead CRA is responsible for the management of the research team, research portfolio and assigned research efforts, identification of new funding sources, and facilitation of study set-up for research faculty. The Division is looking for someone with excellent time management and organization skills, an ability to work independently and take initiative, a proven track record of advancing research projects, and experience managing a team. The Division Chief will work closely with this individual to set the research agenda and priorities. If you have any recommendations or know anyone who may be interested please have them send their resume and cover letter to McKay Barra (McKay.Barra@nm.org), Division Administrator and Dr. Kevin O'Leary (Kevin.OLeary@nm.org).
