

No.1 TRUSTED

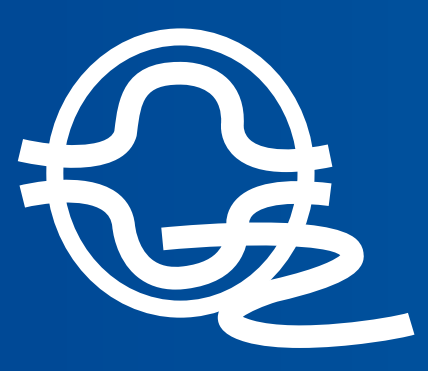

Partner to Accelerate Your Research

Our Services

Molecular Biology

- Complete your genes in 72 hours
- Fragment service starting from 6¢ (USD) per bp

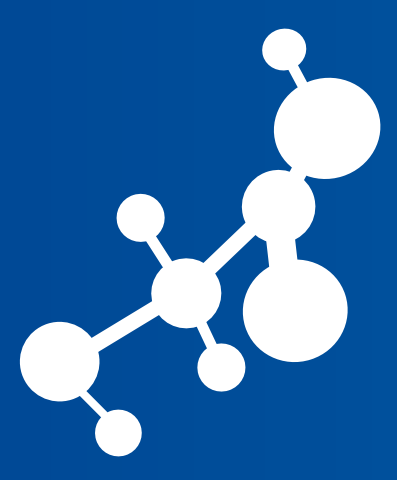

CRISPR Service

- sgRNA, Cas9, and non-viral payloads (ssDNA, linear closed-ended dsDNA, and miniaturized circular dsDNA)
- From RUO to cGMP with NO wait time

mRNA Service

- Customized and off-the-shelf mRNA
- Over 97% capping efficiency (Cap0, Cap1, and Cap2)
- Circular RNA synthesis and LNP formulation

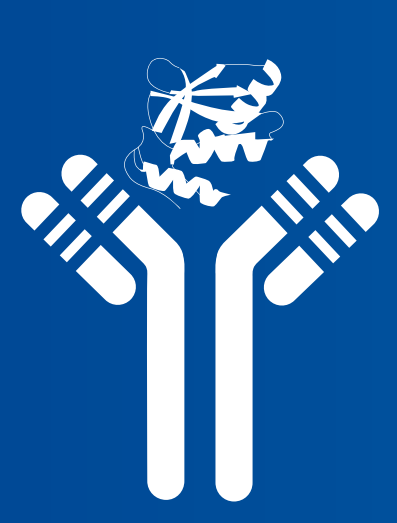

Peptide Service

- Custom peptide and library starting from 5 business days
- From RUO to cGMP peptide available

Oligo Service

- Customized DNA & RNA oligo up to 200 nt
- NGS/qPCR oligos, pcrRNA/tRNA/siRNA/ASO and more

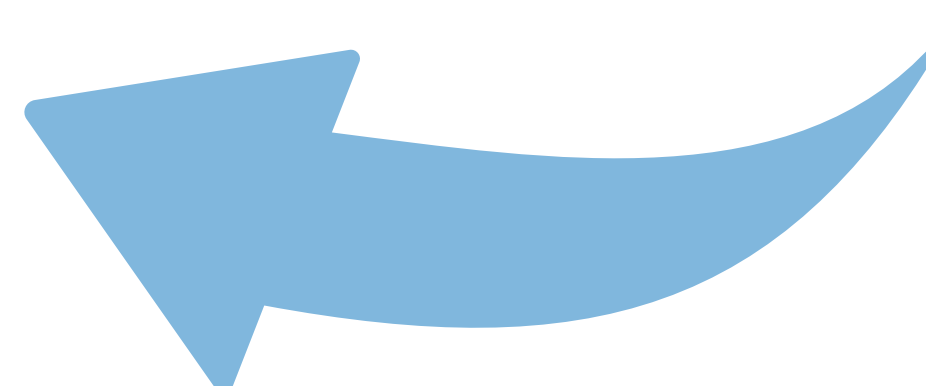

Protein & Antibody Production

- Gene synthesis to antibody in 5 business days
- Deliver >1,000 antibodies per day
- Rabbit monoclonal Abs production as fast as 11 weeks
