Designing and Implementing Simulation-based Mastery Learning Curricula

MASTERY LEARNING CURRICULUM PROJECT PROPOSAL

for COURSE APPLICATION

Instructions

Please write and send a brief description of a mastery learning curriculum that you plan [for now] to develop or adapt for your course project. The description should have 7 elements. A sentence or two or a bullet list for each element is enough. Please do not exceed 2 pages.

1. Healthcare education problem to be addressed;
2. Data that describe the healthcare education problem;
3. Intended learners;
4. Curriculum goal and learning objectives;
5. Education experiences for learners, e.g., deliberate practice, feedback;
6. Learner assessment methods; and,
7. Curriculum evaluation plan—how will you know that it works?
