

ATC2026

AMERICAN TRANSPLANT CONGRESS

BOSTON, MA ◦ JUNE 20-24

NORTHWESTERN UNIVERSITY | NORTHWESTERN MEDICINE

COMPREHENSIVE TRANSPLANT CENTER

Northwestern Medicine[®]
Feinberg School of Medicine

Invited Presentations

Saturday, June 20th

Derrick Christopher, MD, MBA

Are you a candidate for SPK? | 1:45PM – 2:00PM ET

Session Details: 256, Level 2; In-Depth - Expanding Pancreas Transplants

Sunday, June 21st

Juan Caicedo, MD

How to transplant disenfranchised populations | 7:20AM – 7:40AM ET

Session Details: 206 A, Level 2; Interactive Symposium - Equity in Action: Improving Access to Transplant for Challenged Populations

John Friedewald, MD

Collaborative Advocacy with Insurance Companies | 7:40AM – 8:00AM ET

Session Details: 205 A, Level 2; Interactive Symposium - Honoring the Gift: Stakeholder Engagement Strategies to Protect Living Donors

M. Javeed Ansari, MD

Current research, clinical applications, and the potential of RNA-based biomarkers | 1:30PM – 1:50PM ET

Session Details: 257AB, Level 2; Interactive Symposium - The Role of Transcriptomics in Kidney Transplantation

Priya Verghese, MD, MPH

Sports Participation and Exercise after Transplantation: Safety and Benefits | 2:05PM – 2:25PM ET

Session Details: 205BC, Level 2; Interactive Symposium - Post-SOT Cardiorenal Metabolic Complexities: A Pediatric Perspective (or Physical activity and other Treatments of Post-transplant Metabolic Disorders in the Pediatric Recipient)

Monday, June 22nd

Andres Duarte-Rojo, MD, PhD, MS

Interpreting Frailty in the Context of Age, Comorbidities and Transplant Evaluation Setting | 1:45PM – 2:05PM ET

Session Details: 210A, Level 2; Interactive Symposium - Assessing the Benefits of Liver Transplantation: How Sick is too Sick?

Andres Duarte-Rojo, MD, PhD, MS

Policy in Practice: Outcomes and Data from the Kidney-After-Organ Safety Net | 5:00PM – 5:20PM ET

Session Details: 256, Level 2; Interactive Symposium - Preserving the Safety Net: A Discussion on Responsible Kidney Transplant Allocation

Tuesday, June 23rd

Naphaphone (Kathy) Kethdy, DNP, APRN, AGPCNP-C

Innovative Approaches: APP-led video-based approaches to elevate knowledge and treatment adherence in kidney transplant patients | 7:20AM – 7:40AM ET

Session Details: 206 B, Level 2; Interactive Symposium - Driving Excellence: APP-Led Quality Initiatives in Transplant Care

Wednesday, June 24th

Joseph Leventhal, MD, PhD

Future of Translational Tolerance Strategies | 7:40AM – 8:00AM ET

Session Details: 254AB, Level 2; Hot Topic Debate - Operational Tolerance: Reality or Mirage in Clinical Transplantation?

Dempsey Hughes, MD

What's Happening on the Hill: Current legislative proposals and opportunities for transplant community action | 7:40AM – 8:00AM ET

Session Details: 205BC, Level 2; Interactive Symposium - Keeping Up with Developments in Organ Allocation Policy: What's Recently Been Done and What's to Come

Priya Verghese, MD, MPH

Environmentally sustainable kidney care- from alloimmunity to infection risk to disaster preparedness | 7:20AM – 7:40AM ET

Session Details: 206A, Level 2; Interactive Symposium - Climate Change and Solid Organ Transplantation- Implementing Sustainable Practices

Moderators

Andres Duarte-Rojo, MD, PhD, MS

In-Depth - Redefining Cirrhosis: What We Know Today and What Lies Ahead

Saturday, June 20, 1:30-3:45PM ET, 210 A, Level 2

M. Javeed Ansari, MD

Emerging Discoveries Oral Abstract Session - Kidney Immunosuppression: Desensitization & Induction Therapy

Sunday, June 21, 3:45-4:45PM ET, 256, Level 2

Emerging Discoveries Oral Abstract Session - Recurrent Kidney Disease & Genetics -2

Sunday, June 21, 5:00-6:00PM ET, 253A, Level 2

Interactive Symposium - Breaking Barriers: Advances in the Management of Highly Sensitized Transplant Candidates

Tuesday, June 23, 9:45-10:45AM ET, 162, Level 1

Priya Verghese, MBBS, MPH

Emerging Discoveries Oral Abstract Session - Recurrent Kidney Disease & Genetics -1

Sunday, June 21, 3:45-4:45PM ET, 253A, Level 2

Derrick Christopher, MD, MBA

Emerging Discoveries Oral Abstract Session – Kidney: Challenges in Robotic Kidney Transplantation

Monday, June 22, 11:15AM-12:15PM ET, 253A, Level 2

Zheng Jenny Zhang, MD, MSc, FAST

Emerging Discoveries Oral Abstract Session - Vascular and Lymphatic Cell Biology in Chronic Rejection

Monday, June 22, 5:00-6:00PM ET, 205A, Level 2

Jes Sanders, MD

Emerging Discoveries Oral Abstract Session - Novel Mechanisms of Transplant Tolerance

Tuesday, June 23, 3:30-4:30PM ET, 204AB, Level 2

Akansha Agrawal, MD

Interactive Symposium - Precision Medicine in Kidney Transplantation: the Role of HLA and Dynamic Biomarkers

Wednesday, June 24, 9:30-10:30AM ET, 162, Level 1

Oral Abstracts

Daratumumab as Rescue Therapy for Refractory Post-Transplant Focal Segmental Glomerulosclerosis (FSGS)

Recurrence: A Single-Center Experience with Twelve Patients. S. Pedapati, F. Mubin, M. Ansari, J. Friedewald, B. Ho, L. Safar Boueri.

4:09PM – 4:21PM ET | 253 A, Level 2

Sunday, June 21, 2026

Hierarchy and Directionality of Humoral Alloimmune Response Determined by Donor and Recipient HLA-DQ

Divergence. D. A. van den Broek, **A. Agrawal**, M. Crespo, M. Emonds, S. Heidt, D. van der Helm, T. Lenz, M. Meneghini, E. Palou, M. D. Pachon, D. L. Roelen, **A. Senev**, M. Naesens, A. P. de Vries, **A. R. Tambur**.

11:51AM – 12:03PM ET | 204AB, Level 2

Monday, June 22, 2026

Enhancing Health Equity in Transplantation Through Access Programs at Northwestern Medicine. A. Daud, G.

Ciaciura, K. Coombe, D. Simpson, J. Caicedo.

5:00PM – 5:12PM ET | 206 A, Level 2

Monday, June 22, 2026

HLA Donor-Specific B Cell Frequency Assessed by a Novel Multiplex Bead-Based Assay Correlates with Rejection and Predicts Graft Failure in Kidney Transplant Recipients. [Z. Ilyas](#), A. Akl, K. Chen, L. Zhao, D. Pinelli, A. Tambur, M. Ansari.

3:42PM – 3:54PM ET | 253BC, Level 2

Tuesday, June 23, 2026

Delay Third-Party Haploidentical Hematopoietic Chimerism for the Induction of Transplant Tolerance. [H. Xu](#), J. He, S. Jeyamogan, Z. J. Zhang, E. Fuchs, J. Mathew, J. R. Leventhal.

4:06PM – 4:18PM ET | 204AB, Level 2

Tuesday, June 23, 2026

Economic Impact of Liver Transplantation Compared with Waitlist Management in Cirrhosis. [P. Barrios Martinez](#), G. Peled, S. Hussain, M. Adams, O. Dentici, L. VanWagner, A. Duarte-Rojo, L. Kulik, L. Zhao, C. F. Manski, D. P. Ladner.

4:45PM – 4:57PM ET | 254AB, Level 2

Tuesday, June 23, 2026

The Good, the Bad, and the Ugly: Long-Term Experience with Tolerance Induction in Living Donor Renal Transplant Recipients. [J. R. Leventhal](#), [A. Agrawal](#), [J. Mehta](#), [J. Mathew](#), L. Gallon, A. Tambur, S. Ildstad.

4:57PM – 5:09PM ET | 257AB, Level 2

Tuesday, June 23, 2026

Developing an Outpatient Kidney Transplant Model: Insights from the AWAKE Trial. [V. Rohan](#), V. Garcia Thomas, A. M. Daud, R. M. Arora, A. Agrawal, S. Nadig.

9:42AM – 9:54AM ET | 253 A, Level 2

Wednesday, June 24, 2026

Posters

Deceased Donor-Initiated Chains: Expanding Kidney Paired Donation. M. Beltran, [R. Sisto](#), D. Fitzgerald, D. Pinelli, M. Gopalakrishnan, A. Senev, M. Bodner, K. Fontanez-Bertrand, J. R. Leventhal, A. Agrawal, S. Nadig, A. Desai, J. Diaz Robinson, K. Sweeney, M. Rees, B. Rohde, J. Friedewald.

5:45PM – 6:45PM ET | Exhibit Hall

Saturday, June 20, 2026

Patient Reported Outcomes Can Be an Effective Tool to Predict Hospitalizations for Liver Transplant Recipients. [M. A. Callegari](#), K. Chen, J. Kasperek, D. Peipert, Z. Dietch.

5:45PM – 6:45PM ET | Exhibit Hall

Saturday, June 20, 2026

Left Behind - Kidney Transplant Listing Patterns in Adolescents and Young Adults. [P. S. Verghese](#).

5:45PM – 6:45PM ET | Exhibit Hall

Saturday, June 20, 2026

Xbp1 Controls Regenerative Capacity and Immunogenicity of Renal Tubular Epithelial Cells in Response to Ischemia-Reperfusion Injury. [J. Cai](#), W. Yuen, Y. Guo, J. Wang, L. VanOsdol, X. Wang, X. Wang, Z. Xing, Z. J. Zhang.

5:45PM – 6:45PM ET | Exhibit Hall

Saturday, June 20, 2026

Guided Large Language Model Phenotyping of Kidney Allograft Biopsies from Unstructured Pathology Reports. [A. Singla](#), C. Rebello, K. Chen, B. Robelly, S. Mehrotra, S. Park, S. Kleiboeker, J. Friedewald.

5:45PM – 6:45PM ET | Exhibit Hall

Saturday, June 20, 2026

Alcohol-Associated Hepatitis Identifies a Distinct High-Risk Phenotype for Rejection Beyond Social or Behavioral Determinants: A Six-Year Single-Center Retrospective Study of Liver Transplant Recipients. [L. S. Penumalee](#), A. Rajan, B. Hasjim, A. Cheung.

5:45PM – 6:45PM ET | Exhibit Hall

Saturday, June 20, 2026

The Downstream Economic Impact of Transplant Nephrologists: A Single Center Analysis. [D. Sawinski](#), W. Simmons, S. Tummalapalli, [J. Friedewald](#).

2:45PM – 3:45PM ET | Exhibit Hall

Sunday, June 21, 2026

Kidney Re-Transplant Recipients: Outcomes Following Donation After Cardiac Death. [T. Pribyl](#), A. Prom, R. Arora, M. Gavin, S. Paudel.

2:45PM – 3:45PM ET | Exhibit Hall

Sunday, June 21, 2026

Serial Dilution of Serum Unmasks Antibody Reductions Following Desensitization in Highly Sensitized Transplant Candidates: A STAR Working Group Report. [C. Lantz](#), S. Longobardi, M. Meneghini, D. Gjertson, E. Palou, O. Timofeeva, A. Walencik, Q. Xu, A. Zeevi, M. Habal, C. Schinstock, [A. Tambur](#).

2:45PM – 3:45PM ET | Exhibit Hall

Sunday, June 21, 2026

Impact of Eplet Tool Versions on Alloimmune Risk Stratification in Kidney Transplantation: A Clinical Perspective. S. Nizamaddin, [A. Senev](#).

2:45PM – 3:45PM ET | Exhibit Hall

Sunday, June 21, 2026

The DQ Detection Gap: Hidden Vulnerabilities in Commonly Used HLA Class II Reagents. [J. S. Lockhart](#), C. W. Lantz, A. R. Tambur.

2:45PM – 3:45PM ET | Exhibit Hall

Sunday, June 21, 2026

Identifying the Most Immunogenic Molecular Mismatches Underlying De Novo HLA-DQ Donor Specific Antibodies. [J. S. Lockhart](#), C. W. Lantz, D. E. Austin, E. G. Matias, A. R. Tambur.

2:45PM – 3:45PM ET | Exhibit Hall

Sunday, June 21, 2026

Stage-Based Markov Analysis of Two-Year Progression in Cirrhosis: High Mortality, Low Transplant. S. Hussain, P. Barrios Martinez, H. Hu, J. Shilati, S. Zhang, A. Furmanchuk, [T. Banea](#), O. Dentici, S. Mehrotra, D. P. Ladner.

2:45PM – 3:45PM ET | Exhibit Hall

Monday, June 22, 2026

A UUO-Primed Mouse Kidney Transplantation Model Reveals the Impact of CKD-Associated Immune Activation on Kidney Allograft Injury. [J. Cai](#), Z. Xing, J. Wang, Y. Guo, W. Yuen, L. VanOsdol, X. Wang, Z. J. Zhang.

2:45PM – 3:45PM ET | Exhibit Hall

Monday, June 22, 2026

Chronic Inflammation Reshapes Chromatin Accessibility to Induce HLA-DQ Expression in Glomerular Endothelial Cells. [C. Lantz](#), J. Lockhart, E. Matias, A. Roy, A. Tambur.

2:45PM – 3:45PM ET | Exhibit Hall

Monday, June 22, 2026

Progressive Disruption of Protein Networks Across Cirrhosis Stages Reveals Molecular Signatures of Disease Severity. [P. Barrios Martinez](#), I. Pla, A. Sanchez Puente, M. Caldwell, T. Banea, N. Kelleher, C. Atkinson, D. P. Ladner.

2:45PM – 3:45PM ET | Exhibit Hall

Monday, June 22, 2026

Changes in Cirrhosis Mortality Across the COVID-19 Pandemic. D. P. Ladner, J. Shilati, S. Cox, S. Hussain, K. Chen, O. Dentici, [T. Banea](#), L. Post.

2:45PM – 3:45PM ET | Exhibit Hall

Monday, June 22, 2026

Seasonality of Graft Failure and Mortality in Liver Transplant Patients. J. Shilati, K. Chen, S. Cox, S. Hussain, O. Dentici, [T. Banea](#), L. Post, D. P. Ladner.

2:45PM – 3:45PM ET | Exhibit Hall

Monday, June 22, 2026

Shifting Patterns in the Seasonality of Cirrhosis Mortality from 2016 to 2024. D. P. Ladner, J. Shilati, S. Cox, S. Hussain, K. Chen, O. Dentici, [T. Banea](#), L. Post.

2:45PM – 3:45PM ET | Exhibit Hall

Monday, June 22, 2026

Analyzing Seasonal Trends in Cirrhosis Mortality, 2016-2024. D. P. Ladner, S. Cox, J. Shilati, S. Hussain, K. Chen, O. Dentici, [T. Banea](#), L. Post.

2:45PM – 3:45PM ET | Exhibit Hall

Monday, June 22, 2026

Twice the Potential: Expanding the Deceased Donor Pool with Split or En Bloc Horseshoe Kidneys. [L. Barr](#), V. Rohan, S. Nadig, A. Agrawal.

2:45PM – 3:45PM ET | Exhibit Hall

Monday, June 22, 2026

Linking Torque Teno Virus (TTV) Dynamics with Tacrolimus and Mycophenolate Troughs After Kidney Transplant. [A. Singla](#), B. Robelly, K. Chen, C. Rebello, L. Zhao, R. Sinha, S. Mehrotra, S. Park, S. Kleiboeker, J. Friedewald.

2:45PM – 3:45PM ET | Exhibit Hall

Monday, June 22, 2026

Real-World Adoption of Blood Biomarkers Reduces Biopsy Utilization with Preserved Safety in Kidney Transplant Care. [A. Singla](#), K. Chen, B. Robelly, C. Rebello, A. Agrawal, A. Desai, B. Ho, I. Agboli, L. Zhao, L. Safar Boueri, J. Ansari, R. Sinha, S. Mehrotra, S. Park, S. Kleiboeker, S. Paudel, J. Friedewald.

2:30PM – 3:30PM ET | Exhibit Hall

Tuesday, June 23, 2026

Kaposi Sarcoma in a Kidney Transplant Recipient. [L. Herbert](#), J. Liskh, S. Hasni, M. Ansari.

2:30PM – 3:30PM ET | Exhibit Hall

Tuesday, June 23, 2026

The Evidence Gap: A Global Call for Caution When Utilizing HLA Molecular Mismatch Tools. A. Senev, C. Murphey, M. Askar.

2:30PM – 3:30PM ET | Exhibit Hall

Tuesday, June 23, 2026

Complementary Diagnostic Performance of Blood Gene Expression Profiling and Donor-Derived Cell-Free DNA for Kidney Allograft Rejection. [A. Singla](#), K. Chen, B. Robelly, C. Rebello, A. Agrawal, A. Desai, B. Ho, I. Agboli, L. Zhao, L. Safar Boueri, J. Ansari, R. Sinha, S. Mehrotra, S. Park, S. Kleiboeker, S. Paudel, J. Friedewald.

2:30PM – 3:30PM ET | Exhibit Hall

Tuesday, June 23, 2026

Can Post-Rejection Gene Expression Profile Trajectory Predict Kidney Transplant Clinical Outcomes? K. Chen, L. Zhao, C. Rebello, B. Robelly, A. Singla, S. Kleiboeker, J. Friedewald, [S. Park](#).

2:30PM – 3:30PM ET | Exhibit Hall

Tuesday, June 23, 2026

The Relationship Between Rejection Donor-Derived Cell-Free DNA Trajectories and Kidney Transplant Outcomes. K. Chen, L. Zhao, A. Singla, C. Rebello, B. Robelly, S. Kleiboeker, J. Friedewald, [S. Park](#).

2:30PM – 3:30PM ET | Exhibit Hall

Tuesday, June 23, 2026

Tutiva Molecular Risk Scores in Relation to BK Viral Activity, BK Virus Nephropathy, and Rejection Phenotypes in Kidney-Transplant Recipients. [M. Ansari](#), S. Paudel, L. Safar Boueri, S. Park, A. Agrawal, A. Desai, B. Ho, J. Friedewald, I. Tawhari, L. Gallon.

2:30PM – 3:30PM ET | Exhibit Hall

Tuesday, June 23, 2026

Understanding the Proteoform Landscape and Its Role in Donor Kidney Quality Assessment at Time of Transplant. M. A. Callegari, D. Jaishankar, C. Ctorteck, P. Su, A. Sanchez Puente, E. Forte, M. Caldwell, V. Rohan, N. Kelleher, S. Nadig.

2:30PM – 3:30PM ET | Exhibit Hall

Tuesday, June 23, 2026

Early De Novo Kappa Light Chain Deposition Disease After Kidney Transplant. S. Pedapati, C. Ellis, J. Friedewald, A. Agrawal.

2:30PM – 3:30PM ET | Exhibit Hall

Tuesday, June 23, 2026

Implementing Video-Based Discharge Education to Improve Efficiency and Consistency in Post Transplant Care. S. M. Cendana, R. Duke, K. Coombe, A. Daud, S. Cazares.

2:30PM – 3:30PM ET | Exhibit Hall

Tuesday, June 23, 2026

Collaborative Transition of Stable Kidney Transplant Recipients to Community Nephrologists to Optimize Transplant Clinic Capacity and Healthcare Resources. S. M. Cendana, R. Duke, K. Coombe, A. Desai, A. Daud, J. Fitzpatrick, P. Henderson.

2:30PM – 3:30PM ET | Exhibit Hall

Tuesday, June 23, 2026

Collaborations

Interim One-Year Outcomes of Hypothermic Oxygenated Machine Perfusion in the Continued Access Phase of the PILOT™ Clinical Trial. Z. M. Kaplan, R. Quillin III, A. Xynogala, C. Haugen, **D. Borja-Cacho**, G. Lee-Riddle, F. Paterno, A. Amin, K. E. Lunsford, J. Guarrera. *Plenary Presentation.*

Persistent Donor-Derived NKT-Cell Chimerism Reflects Tolerance Induction by FCR001 in Kidney Transplant Recipients. T. Rousselle, S. Han, A. Max, **M. Gibson**, S. Ildstad, **J. R. Leventhal**, V. Mas. *Oral Abstract Presentation.*

Cardiac Biomarkers as Prognostic Indicators of Renal Function After Liver Transplantation: Findings from the Avoiding Cardiovascular Complications in Liver Transplantation (ACCT NOW) Study. D. Tovar, A. Noriega Ramirez, M. Serper, E. Verna, J. Lai, **D. L. Hughes**, S. Asrani, G. Cullaro, A. Pandey, G. Crespo, D. Gregory, S. R. Lieber, L. VanWagner. *Oral Abstract Presentation.*

Still Left Behind; Kidney Transplant Outcomes in Adolescents and Young Adults. M. Bock, E. Benz, J. Fishbein, S. Kilduff, **P. Verghese**. *Oral Abstract Presentation.*

Military Share Deceased Donor-Initiated Chains. J. Diaz-Robinson, K. Sweeney, O. Ekwenna, M. Wadsworth, M. Larsen, J. Hawksworth, S. Rees, M. Doshi, M. Engelsbe, C. Abbott, C. Marsh, A. Rege, A. Cohen, D. Kumar, B. Nibhanupudy, R. Pelletier, L. Burdine, D. LaPointe Rudow, A. Roth, **A. Agrawal**, **J. Leventhal**, **J. Friedewald**, M. A. Rees. *Oral Abstract Presentation.*

Kaposi Sarcoma Associated Herpesvirus (KSHV) in Transplant Recipients with HIV: KSHV DNA Monitoring and KSHV Associated Disease. C. Durand, M. Rodrigues, N. Labo, V. Marshall, W. Miley, M. Rana, S. Florman, S. Aslam, S. Mehta, R. M. La Hoz, S. Mehta, G. Haidar, E. Blumberg, J. Schaeenman, M. Malinis, G. Roll, J. Simkins, R. Friedman-Moraco, **V. Stosor**, C. Santos, J. Hand, N. Elias, M. Pereira, C. Butkus Small, E. Giorgakis, A. Massie, D. Segev, A. Tobian, D. Whitby. *Oral Abstract Presentation.*

Donor-Derived Cell-Free DNA in Pancreas-Kidney, Heart-Kidney, and Liver-Kidney Multiorgan Transplant Recipients (MOTR). G. Gupta, D. Wojciechowski, A. Sener, T. Gong, T. B. Dunn, N. Costa, J. S. Odorico, R. Daloul, **V. S. Rohan**, D. G. Biagini, D. Barnes, N. Kaur, G. Gude, E. Ahmed, J. Xie, C. J. Spellicy, N. Al Haj Baddar, M. S. Bloom, Z. Demko, A. Prewett, P. Gauthier, S. Bhorade, H. Tabriziani, S. Akkina. *Oral Abstract Presentation.*

Intragraft Clonal Expansion of Cytotoxic CD8⁺ and CD4⁺ T Cells in Antibody-Mediated Kidney Transplant Rejection. T. Vaulet, B. Lamarthée, J. Callemeyn, P. Koshy, D. Anglicheau, W. Gwinner, D. Lambrechts, P. Marquet, **A. Senev**, T. Van Houtte, M. Naesens. *Oral Abstract Presentation.*

Safety of Liver Transplantation from Donors with HIV to Recipients with HIV: Results of the Multicenter Hope in Action Liver Trial. S. Florman, M. Rodrigues, M. Rana, B. Haydel, D. Wojciechowski, R. M. La Hoz, J. Price, P. Stock, S. Aslam, V. Ajmera, J. Hand, R. Anders, Y. Eby, S. Mehta, **V. Stosor**, N. Elias, M. Malinis, J. Simkins, M. Pereira, G. Haidar, C. Butkus Small, S. Apewokin, D. Brown, M. Morsheimer, J. Hamilton, A. Cameron, A. Tobian, A. Massie, D. Segev, C. Durand. *Oral Abstract Presentation.*

Development of a Population-Based Measure of Liver Transplant Referral. K. Ross-Driscoll, L. McElroy, J. Schold, J. Harding, D. Taber, A. Milam, Y. Ng, **J. Caicedo**, T. Schappe, A. Strauss, M. Serper, J. Henson, L. Nephew, R. Patzer. *Poster Presentation.*

Social Drivers of Health and Pediatric Kidney Transplant Allograft Outcomes: A PEDSnet Study. A. Chen, B. Dixon, J. Flynn, C. Gluck, M. Mitsnefes, M. Moxey-Mims, T. Mohamed, R. Patel, J. Smith, L. Tal, **P. Verghese**, N. Nguyen, A. Zelinski, A. Dawson, M. Denburg. *Poster Presentation.*

Recurrence Post-Transplant Observational Study in Focal Segmental Glomerulosclerosis (FSGS) and Minimal Change Disease (MCD)[RESOLVE]. E. Salmon, A. Rahimi, H. Desmond, R. Eikstadt, N. Putnam, S. Adler, A. Cunningham, E. Hendren, E. Kamil, S. Massengill, **P. Verghese**, H. Trachtman, Z. Modi. *Poster Presentation.*

Rest Assured, Donors Still Donate Upon Integrating APOL1 Genetic Testing and Counseling Into Donor Clinical Evaluation: A Non-Randomized Controlled Trial. E. J. Gordon, J. Gacki-Smith, J. Smith, C. Wicklund, **D. Duquette**, **L. N. Muhammad**, S. Dong, B. Yevugah, G. Anderson, **J. Friedewald**, A. Gilbert, **D. Tandon**, **A. Agrawal**, J. Burgess-Bishop, M. Fox, M. Shuck, P. Binion, J. Howard, C. Coleman, V. Crawford. *Poster Presentation.*

Tacrolimus Formulation, Switching Patterns, and Early Post-Transplant Healthcare Utilization Across Seven U.S. Transplant Centers. J. Byrns, D. Taber, T. Schappe, U. Rogers, J. Gagnon, A. T. Strauss, A. B. Adams, **J. Caicedo**, J. Harding, M. Serper, S. Berchuck, R. Matsouaka, L. M. McElroy. *Poster Presentation.*

Cytomegalovirus T Cell-Mediated Immunity in Pediatric Kidney Transplant Recipients. T. Heald-Sargent, J. Fishbein, **P. Verghese**. *Poster Presentation.*

Transjugular Intrahepatic Portosystemic Shunt Placement to Facilitate Pediatric Liver Transplant Significantly Increases Portal Vein Size and is Associated with Excellent Graft and Patient Survival. H. Jain, S. Rajeswaran, M. Rowland, **J. Caicedo**, C. Chapin, B. Whitehead, R. Superina., A. Kriegermeier. *Poster Presentation.*
